TechnicalSkills -

Languages:C++,JavaScript, TypeScript

Frameworks/Libraries:Tailwind,React.js

WebDev Tools:VSCode,GitHub,Chrome DevTools,

IT Constructs:OOPS, OS,DSA, DBMS

Education -

Course	College	CGPA
2022-2026	Pravara Rural Engineering College, Loni	7.1
2020-2021	Kaushaly jr. college ,Pategoan	8.7
2018-2019	Kaushaly Vidya Mandir,Pategoan	7.8

Personal Projects-

1 . WebRtc:

Developed a real-time video conferencing application using WebRTC, React, and Socket.IO for peer-to-peer communication.Implemented features such as mute/unmute, video on/off, screen sharing, and room-based chat for seamless collaboration.

2.Nutrition Tracker:

Developed a full-stack Nutrition Tracker application that allows users to log daily meals, track calories, and monitor macronutrient intake. Implemented features such as food search, custom meal entries, and progress visualization through interactive charts. Designed a clean and responsive UI for better use experience, while integrating backend APIs for accurate nutritional data management.

3.Leet Solver:

I developed a Chrome extension named LeetSolve that enhances the problem-solving experience on LeetCode by providing structured hints, explanations, and optimized solution approaches. The extension is built using JavaScript, HTML, CSS, and Chrome APIs, offering a clean and user-friendly interface.

Experience -

ExaltaSoft

Contributed to the development of scalable web applications using React.js, Node.js, andMongoDB Worked on both frontend and backend modules, implementing responsive UI and RESTful APIs. Assisted in database design, API integration, and bug fixing to improve application performance.Collaborated with senior developers in an Agile environment, gaining hands-on exposure to industry best practices.

Languages

English,Hindi,Marathi

Hobbies

Drawing, Playing Chess, Coding, Teaching.
